HISTORY OF REVISIONS

Revision	Date	Brief Description of Revision
1.0	Jul 23, 2025	New Safety Data Sheet

Section 1: Identification

Product Name: Skin-Clens Facial Cleanser

Product Item Number: 980105

Company: ClensTech, DBA Asept Pak, Inc. 64 West Street, Malone, NY 12953 (518) 651-2026

Recommended Use: Removal of dirt, debris, and other foreign material from skin.

Section 2: Hazard(s) Identification

Hazard Classification: Not classified under GHS

Section 3: Composition/ Information on Ingredients

Chemical Name	CAS#	Concentration
Sodium Chloride	7647-14-5	0.4%
Hypochlorous Acid	7790-92-3	0.02%
Water	7732-18-5	99.58%

Section 4: First-Aid Measures

After skin contact: None required. If irritation develops, flush with plenty of water and obtain medical attention.

After eye contact: None required. If irritation develops, flush with plenty of water for at least 15 minutes. Seek medical advice if irritation develops or persists.

After inhalation: None required. If discomfort develops, remove from further exposure. Obtain medical attention if any effects occur.

After swallowing: None required. If discomfort develops, drink 2 glasses of water. Obtain medical attention if feeling unwell.

Section 5: Fire-Fighting Measures

Suitable extinguishing agents: This product is not flammable or explosive.

Special protective equipment for firefighters: Firefighters should wear full protective gear as per their routine procedures.

Section 6: Accidental Release Measures

Personal precautions: None recommended

Measures for environmental protection: None recommended

Measures for cleaning/collecting: Confine the spill and soak up with mop or other absorbent material. Place in an approved container and dispose in accordance with local, state, and federal regulations.

Section 7: Handling and Storage

Handling: None.

Storage: Keep containers closed until use. Store in a cool, dry, area away from direct sunlight and UV light.

Section 8: Exposure Controls/Personal Protection

General protective and hygienic measures: There are no established workplace exposure limits for the components in this product. Maintain general industrial hygiene practices when using this product.

Breathing equipment: Adequate ventilation is required. Personal respiratory protection is not required.

Protection of skin: Wear suitable working clothes.

Eye protection: Safety glasses.

Section 9: Physical and Chemical Properties

Form: Liquid

Odor: Slight chlorine odor

Color: Colorless

pH: 3.5-6.5

Melting point/melting range: No data available

Boiling point/boiling range: 100°C

Flash point: No data available

Evaporation rate: No data available

Flammability: No data available

Upper/lower flammability or explosive limits: No data available

Auto ignition temperature: No data available

Danger of explosion: No data available

Solubility in/Miscibility with water: No data available

Section 10: Stability and Reactivity

Reactivity: No additional information available

Chemical stability: The product loses its level of hypochlorous acid at high temperatures and direct UV light. Refer to product labeling for more information.

Conditions to avoid: Heat and UV light, avoid freezing.

Incompatible materials: Avoid contact with acids, heavy metals, reducing agents, ammonia, ether, hydrogen peroxide.

Hazardous decomposition products: Elemental chlorine as a result of reaction with acids.

Section 11: Toxicological Information

Acute toxicity: Not classified. No evidence of systemic toxicity.

Potential routes of exposure/potential health effects

Skin: Not classified

Eye: Not classified. Avoid prolonged contact with eyes.

Inhalation: Not classified

Ingestion: Not classified

Carcinogenic effects: Not classified

Mutagenic effects: Not classified

Reproductive toxicity: Not classified

Sensitization: Not classified

Target organs: Not classified

Component	LC50 Inhalation	LD50 Dermal	LD50 Oral
Sodium Chloride (7647-14-5)	>42 g/m ³ (rat) 1 hour	>10 g/kg (rabbit)	3 g/kg (rat) 4 g/kg (mouse)
Hypochlorous Acid (7790-92-3)	>2.16 mg/L	>5050 mg/kg	>5000 mg/kg
Water (7732-18-5)	N/A	N/A	N/A

Section 12: Ecological Information

Ecotoxicity: No additional information available

Mobility: No additional information available

Biodegradation: No additional information available

Bioaccumulation: No additional information available

Section 13: Disposal Considerations

Dispose of contents/container in accordance with local/regional/national/international regulations.

Section 14: Transport Information

DOT regulations: Not applicable in accordance with DOT

Section 15: Regulatory Information

US Federal Regulations

TSCA (Toxic Substances Control Act): Listed or otherwise exempt from listing

No additional information available

Section 16: Other Information

The information provided in this document is made in good faith and is believed to be correct as of the date thereof. The Manufacturer or Distributor do not make representation to the comprehensiveness or to the accuracy of specific properties. The individuals using the product and receiving this information are expected to use their best judgement in determining risks and precautions connected to the use of this product. This information is intended to provide a general notice of use, safety, and storage of the product.
